

CURRICULUM VITAE
EUROPEAN FORMAT

PERSONAL INFORMATION

Name, Surname

NICOLA GIANGREGORIO

Address

CNR INSTITUTE OF BIOMEMBRANES AND BIOENERGETICS
C/O DEPARTMENT OF BIOSCIENCES, BIOTECHNOLOGIES AND BIOFARMACEUTICS
VIA ORABONA 4, 70125 BARI, ITALY

Telephone

+39-080-5442792

Fax

+39-080-5442770

E-mail

n.giangregorio@ibbe.cnr.it

Nationality

Italian

Date of birth

05, AUGUST, 1966

WORK EXPERIENCE

- Dates (from – to) 19/03/2001 - to date
- Name and address of employer CNR (National Council of Research) "Centre for the study of mitochondria and energetic metabolism", now become IBBE (Institute of Biomembranes and Bioenergetics), Via Amendola 165 A, 70126 Bari (Italy)
 - Type of business or sector Life Sciences - Biochemistry and Molecular biology
 - Occupation or position held CNR Researcher
- Main activities and responsibilities Scientific research

- Dates (from – to) 01/12/1995 - 18/03/2001
- Name and address of employer Department of Pharmaco-Biology, University of Bari, Via Orabona 4, 70125 Bari (Italy).
 - Type of business or sector Life Sciences - Biochemistry and Molecular biology
 - Occupation or position held Graduate laboratory technician
- Main activities and responsibilities Scientific research

- Dates (from – to) 1995
- Name and address of employer CNR "Centre for the study of mitochondria and energetic metabolism", Via Amendola 165/A, 70126 Bari (Italy)
 - Type of business or sector Life Sciences - Biochemistry and Molecular biology
 - Occupation or position held Research grant: "Finalized Project of Biotechnologies and Bio-Instrumentation"
- Main activities and responsibilities Scientific research

EDUCATION AND TRAINING

- Dates (from – to) 1992-1995
- Name and type of organisation providing education and training Department of Pharmaco-Biology, University of Bari, Via Orabona 4, 70125 Bari (Italy)
- Principal subjects/occupational skills covered Cellular Biochemistry and Cellular Pharmacology
- Title of qualification awarded PhD in Biochemistry

<ul style="list-style-type: none"> • Dates (from – to) • Name and type of organisation providing education and training • Principal subjects/occupational skills covered • Title of qualification awarded 	<p>1990 University of Bari, (Italy)</p> <p>Biochemistry: " Purification of the mitochondrial carnitine carrier from rat liver".</p> <p>Degree in Pharmacy</p>
---	---

RESEARCH ACTIVITIES

<p>Research Sectors and Scientific Activities</p>	<p>Expertise in biochemical and molecular biology techniques with particular regard in:</p> <ul style="list-style-type: none"> - identification, isolation and purification of membrane proteins; - their reconstitution in artificial membranes (liposomes); - functional and kinetic studies of transport proteins; - identification of primary and secondary structure; - cloning and protein over-expression in bacteria; - site-directed mutagenesis; - genetic pathologies correlated to mutations in mitochondrial carriers; - protein chemical and functional modifications (xenobiotics compounds such as toxic molecules, drugs or newly synthesized compounds); - identification of posttranslational modifications (GSH, H₂S, NO, acylations, etc.) and their regulator role of the protein function; - use of bioinformatics for the comparative structural analysis of membrane proteins or docking; - polyclonal antibodies production of membrane proteins and immunochemical detection
<p>Publications</p>	<p>Scopus Citations Report (December 2015): 402; H-index = 12 Google Scholar Citations Report (December 2015): 469; H-index = 13</p> <ol style="list-style-type: none"> 1. Giangregorio N, Tonazzi A, Console L, Lorusso I, De Palma A, Indiveri C, The mitochondrial carnitine/acylcarnitine carrier is regulated by hydrogen sulfide via interaction with C136 and C155, <i>Biochimica et Biophysica Acta (BBA)-General Subjects</i> (2016) 1860, 20-27 2. Tonazzi A, Giangregorio N, Console L, Scalise M, La Russa D, Notaristefano C, Brunelli E, Barca D, Indiveri C, Mitochondrial Carnitine/Acylcarnitine Transporter, a Novel Target of Mercury Toxicity, <i>Chemical research in toxicology</i> (2015) 28, 1015-1022 3. ADDITIONAL INFORMATION

Recent Funded Research Projects

03/10/2011 - 31/05/2015

PON 2007-2013 Progetto cod. 01-00937 - Modelli sperimentali biotecnologici integrati per lo sviluppo e la selezione di molecole di interesse per la salute dell'uomo

Management

2009 to date

Member of the Institute Committee of IBBE (Institute of Biomembrane and Bioenergetics)-CNR

Member of the organizing committee of the Italian Group of Biomembranes and Bioenergetics (GIBB) meeting, Matera, May 29-31, 2014

Academic appointments	<p>Lecturer in charge at the University of Bari in the following specified academic years and course:</p> <ul style="list-style-type: none"> - (2015/16), (2014/15) "Animal and Vegetable Biology" (80 hours course of frontal lessons, Faculty of Pharmacy, degree course in Pharmacy) - (2013/14), (2012/13), (2011/12), (2010/11) "Animal and Vegetable Biology" (60 hours course of frontal lessons, Faculty of Pharmacy, degree course in Pharmacy) <p>2012 - to date: Board member of the PhD School in "Genomica e Proteomica Funzionale Applicata", Department of Biosciences, Biotechnologies and Biopharmaceutics, University of Bari A. Moro</p> <p>2012 - to date: Board member of the PhD School in "Scienze Biochimiche e Farmacologiche", Department of Pharmacy - Pharmaceutical Sciences, University of Bari A. Moro</p> <p>Lecturer in charge at the University of Calabria in the following specified academic years and course:</p> <ul style="list-style-type: none"> - (2011/12), (2010/11), (2009/10) "Biochemistry and molecular biology applicated" (32 hours course of frontal lessons, Faculty of SMFN, degree course in Biological Science) - (2011/12), (2010/11), (2009/10), (2008/09), (2007/08), (2006/07), (2005/06) "Biochemistry of the cellular membrane" (32 hours course of frontal lessons, Faculty of SMFN, degree course in Biological Science) - (2008/09), (2007/08), (2006/07), (2005/06), (2004/05), (2003/04), "Applicated Biology II" (32 hours course of frontal lessons, Faculty of SMFN, degree course in Biological Science) - (2004/05), (2003/04) "Cellular Biochemistry"(16 hours course of frontal lessons, Faculty of SMFN, degree course in Biological Science) - (2004/05) "Biochemistry of the cellular membranes" (16 hours course of frontal lessons, Faculty of SMFN, degree course in Biological Science) <p>Teacher in Master courses:</p> <p>(2009), (2007), (2005): "Protein Engineering Course" in "Master of Biotechnology", University of Calabria</p>
Training	<ul style="list-style-type: none"> - Formation course in " Confocal microscopy". Bari, 2012 - Formation course in " Cytofluorimetry". Bari, 11-12 May 2010 - Formation course in " Mass spectrometry for the study of proteomic and genomic". Bari, 9-10 December 2003 - Visiting Ph.D. student at "Institut fur Biotechnologie" of Julich (Germany), headed by Prof. Reinhard Krämer. from January to April 1993, studying the transport mechanism of the mitochondrial ADP/ATP carrier
Collaborations	<p>Prof. Cesare Indiveri, Università degli Studi della Calabria, Department of Biology, Ecology and Earth Sciences (DIBEST), Cosenza (Italy)</p> <p>Prof. Domenico Lupo, University of Hohenheim, Germany</p> <p>Dr. Matteo Gelardi, M.D., Departments of Otolaryngology and Oftalmology, University School of Medicine, Bari (Italy)</p>
